

Commercial Fences

Lincoln Metalcraft commercial fencing is used for decorative and security purposes around your business, from your offices, schools to local facilities such as pools and play areas for children.

This provides a safe area for people visiting your premises and prevents unlawful entry onto your property.

- All our commercial metal fencing is made to measure
- All designs can be custom built to suit your requirements
- We can design and manufacture your fence in a wide range of materials
- We offer a full range of quality finishes
- Enhance plain iron work with scroll panels or floral units
- We can produce precise drawings ensuring you will be happy with the finished product prior to manufacture
- We have a wide range of railheads and infill panels to choose from
