

Farm Gates

Lincoln Metalcraft realise the practicality of a well built and sturdy farm gate for your farm premises as they can be subjected to more robust usage and need to be able to withstand what ever is thrown at them. We will build and design a gate that is practical and easy to use, but still maintaining the stability and sturdiness that you require. We can also incorporate your farm name or logo onto your gate.

They offer security to your property and land and can also prevent unauthorised individuals from accessing areas that are restricted. We can manufacture and install if you require, but we are also happy just to manufacture your gate for your farm hands to install for you.

- All our commercial metal gates are made to measure
- All designs can be custom built to suit your requirements
- We can design and manufacture any gate in a wide range of materials including iron and steel
- We offer a full range of quality finishes
- Enhance plain iron work with scroll panels or floral units
- We can produce precise drawings ensuring you will be happy with the finished product prior to manufacture
- For extra security gates can have back board in various colours
- All our metal gates can be automated
